Do you have a colleague at another institution who might be interested in joining us?
Is there a peer institution you would like to see on our list of members?

**Introducing the Refer a Colleague (RAC) program!** We are committed to offering you, a valued member of the CSRDE community, the best resources possible, and the more the Consortium grows, the better the resources we can provide.

To refer a colleague, please send us an email with RAC in the subject line and include their contact information and the name of the school in the email. If their institution becomes a member, you may each choose one of the following rewards:

- **$300 off the 2015-16 membership fee***
- or
- **$300 off one person’s registration to attend the 2015 National Symposium on Student Retention**

We’ll mention your referral when we contact your colleague to provide them with everything they need to make an informed decision.

* Discounts to membership fees may not total more than $300
