Final (Not Preliminary) Data

- Reported by CSRDE - the Consortium for Student Retention Data Exchange at The University of Oklahoma
- Reported by IPEDS - Integrated Postsecondary Education Data System
- Reported by SAM - Student Achievement Measure

CSRDE uses IPEDS graduation rate definitions for first-time, full-time and first-time, part-time certificate/degree-seeking students. All CSRDE report data is given by total cohort and broken down by gender and race/ethnicity. See csrde.ou.edu/membership/institutional-membership/#reports for details.

SAM data* includes students attending the institution for the first-time (both new and transferring in from another institution) while CSRDE data includes first-time in college students.

CSRDE HAS EARLIER, MORE COMPREHENSIVE, EASIER TO BENCHMARK FINAL DATA RESULTS

*The definitions used in SAM and IPEDS Outcome Measures are slightly different. See www.studentachievementmeasure.org and surveys.nces.ed.gov/ipeds/downloads/forms/package_13_101.pdf for details.

Future final data releases from IPEDS Outcome Measures will also include 6-year completion, 8-year completion and continued to 9th year
