The annual report includes trend tables which provide an overall view of the retention and graduation trends, making them a useful tool in benchmarking.

This table shows the changes in retention rates over time for part-time cohorts by race/ethnicity and gender. Separate tables addressing full-time students are also included.

In this sample, "Year 1" through "Year 7" are serving as substitute labels for the cohort years covered by the survey.

Sample of one of the appendices that you will receive in the CSRDE annual report provided to contributing members.

This data is listed by individual institutions and grouped by the 2010 Carnegie classification. The information is shared only among consortium members and is helpful in identifying peer institutions.

Participants review this data and identify institutions with similar institutional and student characteristics. Each contributing member is entitled to receive a complimentary customized comparison report of 5-20 self-selected peers.

The institution names are not provided in this sample, but are included in the annual report.
