Participants report **aggregate data**. The percent of each initial Fall cohort (based on the initial headcount) that returns each subsequent Fall or graduates is collected from the 1st year through the 10th year.

The Fall cohorts for the past ten years are tracked.

Data are reported not only on the Total cohort of first-time full-time freshmen starting in the Fall, but also on the sub-cohorts by Gender, Race and Ethnicity as defined by IPEDS, and Developmental Reading, Math, and English groups.
